

QUALITY POLICY

SCYTALYS S.A.'s mission is to continue to provide its current and future Customers with quality products at competitive prices and enhance its reputation for innovation, quality, reliability and timeliness. Its prime objective is to provide high quality integrated systems for the domestic and international defence markets striving to become a world-class Company.

In order to achieve its mission, the Company has established a Quality Management System (QMS), both in line with the requirements of the ISO 9001:2015 and AS 9100 Rev.D, Standards and the applicable statutory and regulatory requirements. The Company's quality objectives are effectively accomplished through its established QMS, where all the Company business processes are well defined, monitored and maintained. These objectives address the risks and opportunities within the Company as determined by the Executive Management.

SCYTALYS' strategy consists of the following key elements:

Risk Management

SCYTALYS analyzes all the possible parameters that could compromise the development of a project in relation to its compliance with the requirements of the Customer and the delivery time and takes all the necessary preventive and mitigation actions when required.

Human Resources Management

SCYTALYS manages its workforce as a Customer, encouraging them to express their concerns and possible improvement suggestions while ensuring a good working environment. Its prime concern is its workforce development through continuous education particularly in terms of technology, safety and quality.

Customer Satisfaction

SCYTALYS ensures Customer satisfaction taking the utmost regard to the requirements and expectations derived from contractual obligations. Maintains constant contact with the Customer during the implementation of the project taking into consideration any possible suggestions and comments that give added value to the project. Following implementation, it continues to support the delivered systems and the Customer to the highest quality standards.

Continuous Improvement

SCYTALYS is at the leading edge of technology always monitoring technological developments and tries to use these properly, in compliance with the Standardization Agreements and the Military Standards where appropriate. SCYTALYS is dedicated to the continuous improvement of this quality system through measurement, analysis and review, taking any necessary actions.

This Quality Policy is communicated and understood at all levels of the Company and is available to relevant Interested Parties.

George Menexis
Chief Executive Officer
